FireRescue1 Academy Overview and Features

FireRescue1 Academy's learning management system streamlines the training experience for your department. Combining online courses, training workflow and training event management with skills development tracking – the full spectrum of training needs are covered in one modern platform. With more than 500 fire and EMS courses, additional certifications and flexible features, FireRescue1 Academy provides innovative training solutions to fire departments to help them become safer and more effective.

FireRescue1 Academy is proud to be a part of Praetorian Digital, whose online training portfolio includes FireRescue1 Academy, FireRescue1.com, Fire Chief, and EMS1.com -- all leading authorities in the industries of fire and EMS.

Learning Management System and Features

-  **Assign Courses** – access a robust library of online courses and videos that meet CAPCE and NFPA standards
-  **Create Custom Courses** – upload and build your own content, including tests and quizzes to assign to personnel
-  **Track Offline Training** – track every activity completed at the department, including field and classroom training, for credit in our platform
-  **ISO Tracking** – prepare for your next audit with pre-built templates and reports to simplify ISO tracking
-  **Manage License and Credentials** – manage and track licensure renewal by provider level, state, and category requirements (i.e. EMT, Paramedic, NREMT)
-  **Flexible Reporting** – create recurring or on-demand reports to monitor and track training compliance
-  **Notification Manager** – easily automate reminders and notifications for course assignments and credential expiration
-  **Custom Groups** – organize your personnel roster - dividing them by certification level, rank, shift and more
-  **Create Roles** – manage your organization's access to specific features by creating custom profiles for users
-  **Digital Taskbooks** – track activities (including videos, skills and exams) and capture digital signatures to ensure successful skills development
-  **Skills Tracking** – create realistic scenarios, situational evaluations, and customized forms using EVALS tracking skills development and field training
-  **Shared Resources** – upload and share training resources with other groups in the Academy community
-  **Department Homepage** – customize your account with your department patch and use the bulletin board to share important information
-  **Analytics Dashboard** – quickly view activity status of course assignments and required SOPs

Course Listing

Fire and EMS Offering

FireRescue1 Academy includes the world's largest library of online fire and EMS training content with nearly 350 courses and 150 videos that can be delivered during in-service, field training or in a self-paced format to individual personnel or groups. The system is available on-demand at any time from any internet enabled computer tablet, or mobile device. All EMS courses are approved for credit by the Commission on Accreditation for Pre-Hospital Continuing Education (CAPCE) and fire courses follow and meet NFPA standards.

- **Firefighter 1 and 2** – 30 courses covering NFPA 1001, Standard for Firefighter Professional Qualifications
- **Fire Inspector** – 10 courses covering NFPA 1031, Standard for Professional Qualifications for Fire Inspector and Plan Examiner
- **Fire Officer** – 19 courses covering NFPA 1021, Standard for Fire Officer Professional Qualifications
- **EVOIC: Emergency Vehicle Operator Course Series** – 5-part video series that teaches first responders to safely operate emergency vehicles
- **EMS1.com Series** – 11 full-length courses and 20 video-based courses in a microlearning format, approved for CAPCE credit
- **Reality Training** - more than 50 short videos, giving Chief Rob Wylie's perspective on a breadth of firefighter topics and current events
- **Medic Monthly** – Nearly 100 courses totaling 100 CEU approved by CAPCE; appropriate for first responders, EMT's and Paramedics
- **OSHA & Compliance** – More than a dozen courses, including Sexual Harassment, Bloodborne Pathogens and HIPAA for First Responders

Additional Courses Available

The below series are offered in partnership with Jones & Bartlett Learning and each available for an additional cost per person.

- **Hazardous Materials (HazMat) Awareness and Operations Levels** - 15 courses covering NFPA 472, Standards for Competence of Responders to Hazardous Materials/Weapons of Mass Destruction Incidents.
- **EMT Interactive** – 41 courses and over 30 CEUs available, CAPCE approved
- **Fire Service Instructor** – 16 courses covering the NFPA 1041, Standard for Fire Service Instructor Professional Qualifications.
- **Paramedic Interactive** – 52 courses and over 100 hours of CEU, CAPCE approved
- **Health Care Provider CPR** – covers the didactic portion for recertification; approved for 3 CEU
- **eACLS** – Case-based training materials designed to support the didactic portion of Advanced Cardiac Life Support (ACLS) recertification, approved for 8 CEU

Partners

International Association of Fire Fighters (IAFF)

A decade long partnership to bring you the best in EMS Continuing Education. Our affordable training and compliance solution gets even better for IAFF members! Active members and departments are eligible to receive a 10% discount off the list price of training and course bundles. To take advantage of this amazing benefit, individual members simply need to log into their IAFF account and retrieve their discount code. Departments interested in utilizing our continuing education platform can simply reference their local number.

FIREHOUSE Software®

A joint solution that saves time for your department! Our exclusive partnership with FIREHOUSE Software® by ESO gives you access to one of the best online fire records management systems in the industry, backed by world-class support. FIREHOUSE Software® (FH®) by ESO is designed to make data entry and records management as easy as possible for fire departments and EMS agencies of all sizes.

Jones & Bartlett Learning

The leading public safety publisher teams up with an unrivaled online training provider. Jones & Bartlett Learning has earned the title of one of the most respected, privately-held educational technology and professional training organizations in the world. Their emphasis on student learning outcomes and achievement mirrors the priorities of the content and instructional design teams at FireRescue1 Academy. Through this great alliance, we can offer departments up-to-date fire and EMS courseware based on the latest standards and codes that has the support and backing of organizations like the American Academy of Orthopedic Surgeons (AAOS), American College of Emergency Physicians (ACEP), American Academy of Pediatrics' (AAP), International Association of Fire Chief's (IAFC) and more.
